

CALL FOR PAPERS

XXVI Riunione Nazionale di Elettromagnetismo

September 6th–9th, 2026, L'Aquila

<https://rinem.elettromagnetismo.it>

The XXVI Riunione Nazionale di Elettromagnetismo (RiNEm) will take place in the beautiful city of L'Aquila. Promoted by the Società Italiana di Elettromagnetismo (SIEM), the conference will also host the 2026 URSI Italian National Meeting. During the conference, SIEM will confer the Barzilai, Sannino, Latmiral, Someda, and Sorrentino Prizes in recognition of outstanding contributions to the field.

Important Dates

Papers submission deadline: ~~May 15, 2026~~ **June 8 2026**

Notification of Acceptance : June 15, 2026

Registration from: June 20, 2026

Papers submission

Length: 2-4 pages **Instructions:** On website

Conference Topics

- Analytical and Computational Electromagnetics
- Antenna Theory and Design
- Bioelectromagnetics and Medical Applications
- Electromagnetic Compatibility and Security
- Electromagnetic Wave Propagation
- Channel Modelling and Characterization
- Enabling Technologies for the IoT
- Innovating Teaching and AI-Based Electromagnetics
- Radio Frequency Identification and Sensing
- Antenna Arrays, Feeding Networks and Beamforming Techniques
- Industrial and Space Applications
- Imaging and Inverse Scattering Problems
- Energy Harvesting and Wireless Power Transfer
- Metamaterials and Metasurfaces
- Microwave, mm-Wave and THz Systems
- Optics and Photonics
- Radar and Remote Sensing
- Scattering and Diffraction
- Smart Electromagnetic Environments
- Emerging Materials and Green Design for Sustainable Electromagnetics
- Plasma
- Measurements and Metrology
- Radio Astronomy

Venue

The 26th RinEm will be held at the "Luigi Zordan" Congress Centre of University of L'Aquila which is located in P.za S. Basilio, 3, 67100 L'Aquila (AQ), Italy inside the historical centre of L'Aquila a 2-minute walk from Fontana Luminosa.
